

Skull and Bones

Em F#/F Em B

Take me to the river where I can feel alive again
Where I can see behind the wicked lies that poisons me within
I can live on a low flame baby I can be the one
And I can live like a jailbird maby who's, allways on the run
Allways on the 'takin on the backpack and I'm putting on the shoes' yeah
I'm singing of a lifetime yeah and where I lay my hat
With the skull and bones is my home, Skull and Bones

Take me to the mountin where I can see things clear again
Where I can tell what's true and what is real and feel just what I feel
I can chase an illusion baby I can get for real
I can live in confusion dreaming making such a big a deal
Takin on the backpack and putting on the shoes yeah
I'm Singing of my lifetime yeah cause where I lay my hat
With the Skull and Bone's my home mm
Skull and Bones is my home Skull and Bones

So take me to the desert where I can lay my bones to die
Where I can leave this skelleton far behind and leave my soul to fly
I can live in this body maybe for a few years more
I can take what is left to live to see what I'm dying for
I'm takin on the backpack and I'm putting on the shoes yeah
I'm singing of my lifetime ooh and where I lay my hat
With the skull and bone's my home
Putting on the shoes singing of a lifetime
Where I lay my hat with the Skull and Bone's my home
Mmm is my home the Skull and Bone

Laptop Buskers

Intro Verse Gm/F3x Bb/D Gm/F3x Bb/D Ref. Gm/F3x Bb/D Gm

Wir sind die Laptop Buskers Wir sind die Laptop Buskers
Wir sind die Laptop Buskers Laptop Buskers
Wir sind die Laptops Wir sind die Laptops
Wir sind die Laptop Buskers

Everytime I feel the sadness deep inside my heart
I think about the madness tearing us further apart
I know that it's the ego that allways turns us down
In I and I the love is true and for ever and ever around

Hey let your lovelight shine hey let it show
Hey let your lovelight shine Let it grow and let it flow let it show

Wir sind die Laptop Buskers Laptop Buskers
Wir sind die Laptops Wir sind die Laptops
Wir sind die Laptop Buskers

And it's time to get it groovin' and it's time to get it down
Let's get up and get it moovin
And make this big wheel turn around
And the frequence of the feeling is the love to be alive
It's the music that is healing the backbeat the rythem with drive

Hey let your lovelight shine hey let it show

Musik ist uns're Liebe und die Liebe uns're Welt
Wir leben hier in freiheit machen das uns gefällt
Alles geht zu Ende doch dann steht was Neues vor
Nenn' es die Verwandlung oder nenn es Mutabor

Wir sind die Laptop Buskers Wir sind die Laptop Buskers...

Everytime I feel the gladness deep inside my heart
I forget about the madness tearing us further apart
I know that it's the ego that allways brings us down
In I and I the love is true and for ever and ever around

Hey let your lovelight shine hey let it show...

On the Road

G G G Bb/F G b/F G (Harmonica C)

I was born to be out in the street
And I'm glad that I'm still on my feet
I'm alive and I'm still on the run

I'm on the Road number One, on the Road
I'm on the Road number One, on the Road
Yeah

I'm a soul that is hard to be tamed
I'm a freak I'm not feeling ashamed
And I am what I am I am me

I'm on the Road number One, on the Road...

I'm loosing teeth and I'm loosing my hair
There's no return and I'm going nowhere
I'm taking rescue in doing the walk

I'm on the Road number One, on the Road
I'm on the Road number One, on the Road
Yeah

Heartbeat

F#m D Bm A/E

You came into my life
And I felt how your eyes
When I was dying of thirst
In a world of pain

I feel your eyes like the sunshine on my skin
Soothing me soothing me
I feel your eyes like the sunshine on my skin

I feel your heartbeat heartbeat
Yeah I feel your heartbeat yeah

You came into my life
Into my life
Such a precious a thing to have a muse
This is something I need

I feel your eyes like the sunshine on my skin
Soothing me soothing me
Under stormy skies soothing me soothing me
On my skin
I feel your heartbeat heartbeat
I love to hear your heartbeat heartbeat
Yeah I feel your heartbeat I love to hear your heartbeat

Gemeni Sun

Dm/C/Bb/A

You were born in the year of the Cobra
In the summer of sixtyfive
With the children of the revolution
And that spirit is in you alive
You've spend alot of time on beaches
And you have travelled all around the world
You're still wild at heart and that's for sure
You're a get'em and a Ninja Girl

All the way across to China
And the dark side of the moon
Everywhere there's new adventure
Under the Gemeni sun in June
Under the Gemeni sun the Gemeni sun
And I want this song to remind you
Of all the good things yet to come
To give you inspiration
And to cheer you when you're out on the run
This is all that I can do and this is all I've ever done
And I think that it's the same for you
'Cause you were born under the Gemeni Sun

All the way across to China...

And I'm wishing you the faith and the power
And the health to carry on
I wish you good love and lots of time
And wisdom when the youth is gone
The children of the revolution
Will be older when tomorrow comes
But there's just one thing that never dies
And this is all that really counts

All the way across to China...

Das Bist Du

G Em G Em G D D/D# Em D (Ref.) G G/F# Em Em/F#

Ich schrieb dir einem Brief auf einem Blatt Papier
Und es war gefüllt, gefüllt von Lust und Gier, Gier nach dir
Nicht nach dem Sunshine and the blue blue
Nein was ich begiere das Bist Du
Das Bist Du...

Ich schrieb dir einem Lied es handelt nur von dir
Und es ist gefüllt, gefüllt von Sucht und Gier, Gier nach dir
Nicht nach dem Sunshine and the blue blue
Wonach ich süchtig bin das Bist Du
Das Bist Du...

Ich schrieb dir ein Gedicht und es war gar nicht schwer
Denn es ist gefüllt, gefüllt von Frust und Gier, Gier nach dir
Nicht nach dem Sunshine and the blue blue
Nein mein Schmerz und mein Herz das Bist Du
Das Bist Du...
Das Bist Du...

Wünsch Dir was

Intro, C#m A/B Verse & Refr. C#m B A A/B

Hast du Lust mit mir ein Stück zu gehen
Lass es regnen das Wasser fällt doch from the sky
Und wer sollte ich lieber als dich jetzt begegnen
Wünsch dir was nimm dir Zeit die Gedanken sind Frei

Wünsch dir das was du vermisst und das du glücklich bist
Denn die Gedanken sind frei das ist das schöne dabei
Alles kommt und alles geht
Und nichts in diese Welt besteht
Es Geht vorbei doch die Gedanken sind frei oh yeah

Denn ich fühl mich so wohl mit dir dabei yeah
Und ich spüre dein Herz frequenz ist so high
Und was soll ich dich weiter jetzt darüber sagen
Wünsch dir was nimm dir Zeit die Gedanken sind Frei

Wünsch dir das...

Hast du Lust mit mir ein Stück zu gehen
Es ist heiß in der Sonne und der Himmel so blau
Und was gibt es jetzt weiter davon zu verstehen
Es ist nur die Natur die Gedanken sind frei

Ja wünsch dir das...

Move on up

A G/ A 8x G G A A 2x (Harmonica D)

Evolution concentration find a better way to free your mind
Inspiration realisation use the good things that you find
Leave illusion and confusion move on and clear your mind
Like a snake does leave his old skin leave your old ways far behind

Move on up and free your mind
And be free free free on a natural high 2x

Your example is not a sample and even now it's not too late to start
You'll be strong then you can't go wrong then
Just as long as you are coming from the heart

Move on up and free your mind...

Cause all I want to say is the re's no time to loose
There's a purpose why we're living and it's up to us to choose
Cause this place here on earth it surely can be hell
But there's a way to higher love and heaven is on earth as well

Move on up and free your mind ...

Move on up and free your mind ...

Move on up and free your mind ...

Just a game

G/D (Harmonica C)

You don't need no money to play with me
Cause football is for free and so am I
All we need is a ball and nothing more at all
Beneath the blue blue skie

It's just a game kicking the ball and shoot it in the goal
it's just a game and the name of the game is unite
It's just a game kicking the ball and shoot it in the goal
it's just a game and the name of the game is unite

You don't need no stadion to play with me
Let's go out and play for free out in the sun
Cause it's a game and after all what is football

It's just a game...

You don't need no olympic commitee
To play with me and have a ball
So we don't need no military here to protect us

It's just a game...

Hey sunshine walking in the rain
It can't always be blue blue sky but it will come again
It can't always be happiness and heaven up above
So take it as it comes and let your sun shine through with
Your all embracing love

Why don't you set yourself free love is to feel what you feel
Go take a walk in the rain aslong as you're feeling the pain

But if it's always raining and the sun refuse to shine
Something must be wrong it must be something in your mind
It can't always be sunshine and it can't always be rain
Take it as it comes stand up and try to love again

Hey sunshine...

So why don't you set yourself fre love is to feel what you feel
Feelings they come and they go so feel what you feel let it show

Stay right in the moment and then everything's allright
No need to take it personal it's day and then it's night
Tommorow will be different just like everyday to come
All you really need is here and yesterday is gone

Hey sunshine...

Willst du lieber doch hier bleiben oder, shall I go or shall I stay ?
Bist du lieber hier bei dir zuhaus', hast Du kein bock auf allein
Denkst Du lieber nach und schonst dich selbst
Oder darf es etwas Magic sein ?

Sag Ja oder Nein Sag Ja oder Nein Sag Ja oder Nein
Ist es Ja ? Was wird sein ?

Hast Du alle sachen dabei jetzt Babe wir fahren auf ein Holiday
Der Teppich unter uns ist magic und zum fliegen ist es ganz OK
Mach dich doch bequem und fühl dich wohl die Tristesse ist jetzt vorbei
Wir fahren auf 'ne Reise ins Wunderland sag dein Alltag tschüß goodbye

Sunrise

E D/A

Sunrise and a new day's breaking through
Morning a new day of our life
This burning this desire of the night
Is here for learning
that this longing is for love the only light
This longing is for love

The night is gone the stars have past
Darkness has slipped away
I feel my heart is filled with love
And I feel alive today
I feel the blood is rushing all inside my veins
I feel the power coming back in me again
I feel that love is streaming
like a river through my life
returning to the ocean
returning to a brand new sunrise

The dying One

Intro, Am Am G Am 2x Verse,
Am Am G Am Am Am G D Fmaj7 G Am Am F G Am

Into the waves of the deep blue water
I went insde to die
I felt my time had rushed on by
Just like the day of a dragonfly
I went to dive into the deep blue see
To what is waiting there for me
And I wished it'd set me free
But I hoped that I'd see you soon
Beyond this earth's stars sun and moon

I guess there's Colours there around you shining
Like a rainbow in the sun
With golden lightning and wonderful fishes
Swiming around and around
And I wished that I would find a good direction
Somekind of door where the light is shining
That someone'd shoot out a million arrows to my heart
Cause it's a burned out one just like a dying sun

Into the waves of the deep blue water
I went insde to die
I felt my time had rushed on by
Just like the day of a dragonfly

Der Traum

Cm Bb/Cm Cm/Bb Bb/F Cm Bb/Cm (Cm F/Cm) im intro

Wenn ein Traum dir sagt du träumst
Wenn die Uhr nicht mehr tickt
Wenn ein Schatten dich berührt
Schau in deine Hand
Schau in das Gesicht
Spiegelscherben spiegeln sich
Alles alles sorgt für dich
Wenn der Traum dir sagt du träumst

Wenn der Traum dir sagt du träumst

Wenn ein Traum dir sagt du träumst

Endlich Fesseln lösen sich

Wenn ein Traum dir sagt du träumst
